Tenders for providing underground drainage in Umara Park Extension

--

Adverting to Government Order No LL 790-81/L 90-42-9 dated 8th September 1942 sanctioning an estimate for Rs 11,475 for providing underground drainage in the Umara Park Extension, Bangalore City, I have the honor to state that tenders were called for, for the works and two tenders have been received one from Messrs Gannon Dunkerley & Co and another from Mr V Varadarajan The tender of the former is for Rs 11,993 and that of the latter for Rs 14,150

Tenders have been called for certain items, marked in the accompanying comparative statement, amounting to Rs 943, and tenders have not been called for certain items as per list enclosed amounting to Rs 2216 If the lower tender of Messrs Gannon Dunkerley & Co is accepted, the total excess over the sanctioned estimate will be Rs 2754 as noted below -

Total amount as per the lower tender including items not included in the sanctioned estimate but for which tenders have also been called for	Rs 11,993
Amount of items not tendered for	Rs 2,216
Total	Rs 14, 209
Amount of sanctioned estimate	Rs 11, 475
Excess	Rs 2, 734

As the excess is above 10 of the original sanctioned estimate, I request you to be so good as to obtain and convey sanction of Government to the acceptance of the tender of Messrs

M C

in on Hunderley & Co ... the Chief ... with a copy of letter
o 114 dated 13-11-42 of the Special Officer, Municipality Drainage Division are enclosed

The Special Officer intimates that the estimate will be modified or revised after the work is completed

In view of the low progress in the Mangalore City Drainage Division, very early action to the tender is solicited

I have the honour to be,
Sir,
Your most obedient servant,

Director of Public Health

JJR

Letter o 114 dated 15th ovember 1942 from the pecial Officer, ity Drainage ivision, angalore, to the irector of ublic ealth in ysore, angalore

---

Re - Providin underground drainage in umara ark extension

--

I have the honour to submit herewith two tenders in ori inal viz , one of essrs annon unkerly and o , and another of r Varadarajan o ether with comparative statement of the e timated and tendered quantities, rates and costs of the work for further action

The lowest tender of essrs annon unkerly and o exceeds the estimated co t of the work by . 1,791/- which comes to an excess of about 19 over the estimated costs This is mainly due to increase owing to war conditions, in the value of materials viz , cement, tone ware pipes, cast iron manhole frame and covers and fireclay bricks etc since when the estimate was sanctioned The lowest tender viz , that of essrs annon unkerly o , is recommended for acceptance in view of the big difference between it and the next tender of r Varadarajan

It is proposed to make use of the pipes issued to the experimental works at Mallesvaram septic tank for ome length but a certain percent of them will be unavoidably damaged when removed and disjointed and these will reduce the excess to a certain extent onveyance to the worksnot will however have to be paid for In view of these differences, the estimate will be modified or revised and sanction obtained thereto after the ork is completed

s the excess is above 10 , the tenders will have to be submitted to overnment for approval I request that very early approval may kindly be obtained and communicated, in view of the low progress in the ivision

-o-

Yours

Director of ublic ealth
